

EPEAT ENVIRONMENTAL PERFORMANCE CATEGORIES

- **Environmentally Sensitive Materials**
e.g. limits on use of toxics
- **Materials Selection**
e.g. recycled content, biobased content
- **Design for End of Life**
e.g. easy to disassemble, labeling of materials, easy to separate different materials
- **Product Longevity/Life Cycle Extension**
e.g. availability of parts, upgradability, warranty
- **Energy Conservation**
- **End of Life Management**
e.g. take-back services available
- **Corporate Performance**
e.g. EMS, ISO14001 certified, etc.
- **Packaging**
e.g. toxics in packaging, recyclable materials, recycled content
